Pre-sessional accommodation

Local Rules

Please read this information carefully before you move into your residence.

When you accept your offer of accommodation you agree to do two things:

- To comply with the University of Bristol Residence Conditions [www.bristol.ac.uk/accommodation/media/docs/residence-conditions.pdf](http://www.bristol.ac.uk/accommodation/media/docs/residence-conditions.pdf).

  If you breach the conditions of your tenancy, you may be served notice to leave your residence within 28 days. If you do not leave your residence within the given time frame the University may seek a possession order through the County Court.

- To comply with the Local Rules for your residence. These rules have been put in place to ensure your safety, to promote a happy community within your residence and to help us live in harmony with our neighbours. The Local Rules are drawn up by The Deputy Registrar (Academic Services) and the Director of Residential and Hospitality Services in accordance with s. 3.1 of the Student Disciplinary Regulations [www.bristol.ac.uk/media-library/sites/secretary/documents/student-rules-and-regs/student-disciplinary-regulations.pdf](http://www.bristol.ac.uk/media-library/sites/secretary/documents/student-rules-and-regs/student-disciplinary-regulations.pdf)

  If you fail to comply with the Local Rules you may be subject to disciplinary procedures administered by the Head of Student Residential Life or your Warden (s.3.2 (b) Student Disciplinary Regulations)

  The way we operate the Local Rules is explained in our Disciplinary Procedures and Guidance for Penalties [www.bristol.ac.uk/accommodation/procedures/](http://www.bristol.ac.uk/accommodation/procedures/)

All University of Bristol owned residences are managed in compliance with Universities UK Code of Practice ([www.bristol.ac.uk/accommodation/includes/uuk-code.html](http://www.bristol.ac.uk/accommodation/includes/uuk-code.html)).

Students must not misuse the accommodation or grounds and must leave when requested by a member of University staff including Senior Residents.
Students must return all keys at the end of their tenancy.

**Drugs and alcohol**

Under the Misuse of Drugs Act, 1971, it is a criminal offence for the University knowingly to permit the use, production or supply of any controlled drugs in residences. It should be clear, therefore, that we do not condone the possession, use or supply of illicit drugs on any of its premises. The University makes available health information regarding drugs. If you have a problem or are concerned about drugs, you should seek advice from the Student Health Service or your GP.

Students are expressly forbidden to possess or use illegal drugs and this includes substances banned under The Psychoactive Substances Act. In addition to disciplinary procedures all illegal substances will be confiscated and destroyed. Students are also forbidden to possess or use other substances which may be misused in order to create an altered state of mind and this includes nitrous oxide. In addition to disciplinary procedures all substances falling into this category may be taken into storage.

Any postal deliveries of substances falling into the categories listed above will be intercepted and taken into storage or, in the case of illegal drugs, destroyed.

Any student who uses drugs (incl NO2) or misuses alcohol, including anyone found to be acting in an inappropriate manner under the influence of alcohol, drugs and/or NO2, will be sanctioned in accordance with the Disciplinary Procedures, in addition to, in the case of classified drugs use, referral to the Police.

**Electrical equipment and portable appliance testing**

All University electrical equipment is subject to regular testing. The University does not accept liability for or test any electrical equipment you may bring.

- Any electrical appliances brought into the residence are British Standard must be approved and correctly wired.
- Electrical appliances must not be used in bathrooms and showers unless designed for that purpose.
- Mains extension leads must have a maximum load of no more than 13 amps and use is limited to one lead per socket. Cables should be positioned carefully and not present a trip hazard or other risk.
- All equipment must be suitable for use in the UK. The electricity supply in the UK is 220 – 240v.
- You must not modify or interfere with the University’s electrical equipment. Any faults, potential hazards or safety concerns should be notified to a member of staff as soon as possible.
- Heaters and cooking equipment are not permitted in bedrooms and may be confiscated.
- Fridges, including mini fridges are not permitted in bedrooms unless for a medical reason, in which case a suitable fridge will be provided by the University.

The risk assessments for residential accommodation, in particular those which relate to fire, cover all electrical equipment which we anticipate a residential student will use. The University reserves the right to inspect residents’ electrical equipment and if in their view such equipment poses a risk then staff will take the equipment into safe keeping or request that you remove the equipment from the premises.
Fire safety

Fire Safety is our priority and the University will treat any action that endangers residents with the utmost severity. All cases of misconduct that endangers safety will result in action under the Disciplinary Procedures, including:

- Malicious false fire alarms, in addition to disciplinary procedures this misconduct will normally result in the Police issuing a fixed penalty.

- Covering or interfering with smoke or heat detectors.
- Reckless or careless behavior that results in a fire or fire alarm, for example leaving cooking unattended.

- Failing to notify the residence of any absences (using the online form) or guests. Any children (under 16 years of age) brought on to University premises should be accompanied and supervised by a responsible person at all times.

Health and safety

The University of Bristol takes its health and safety responsibilities very seriously. To this end it applies and enforces all current legal requirements together with other appropriate safety measures where reasonably applicable. In particular residents must:

- Take reasonable care for their own Health and Safety and that of others who may be affected by their acts or omissions.
- Inform their Senior Resident, Deputy Warden, Warden or other appropriate persons of any situations that could represent a threat to the Health and Safety of residents or other users of the building.
- Co-operate with the University to enable it to comply with any relevant statutory provisions.
- Not interfere with or misuse equipment provided for safety purposes.
- Before arrival at the University or during the course of your tenancy, make known to the Accommodation Office or their Student Support Administrator any circumstances or conditions that may affect their own health and safety (such as disabilities, allergies or similar conditions). This will enable the student and the University to discuss and agree appropriate health and safety procedures.
• Observe basic standards of cleanliness and hygiene, failure may lead to the suspension of normal cleaning services, removal of goods or materials to storage and/or the imposition of charges for additional cleaning in addition to action under the Disciplinary Procedures.

• Students are not permitted to have their own heaters or cooking equipment such as toasters or kettles in their bedrooms. In addition to disciplinary procedures these items may be taken into storage by residence staff.

**ID cards**
Students must show their student ID card to any member of staff, including senior residents, on request.

**Smoking and e-cigarettes**
All residences are non-smoking, students must not smoke in any bedrooms or communal areas inside the residence buildings, this includes all corridors, kitchens, bathrooms, WCs, common rooms, bars, games rooms or any other common space.

The University has a *Smoke Free Policy* ([www.bristol.ac.uk/safety/media/po/smoking-policy-po.pdf](http://www.bristol.ac.uk/safety/media/po/smoking-policy-po.pdf)) that all students must observe. This includes not smoking outside buildings where that might cause a nuisance, this will generally be interpreted as within 5 metres of a door or window.

The smoking of e-cigarettes is also forbidden in all areas.

In addition to disciplinary procedures any smoking materials may be taken into storage by residence staff.

**Students with Disabilities or Health Needs**
Students with disabilities or health needs including temporary conditions are responsible for keeping the University fully informed of their requirements or changes of circumstance and this includes students who experience a disability or health need for the first time. Where a personal evacuation plan or personal care plan has been put in place it is the student’s responsibility to store the written copy on the inside of their wardrobe door.

**Penalties for Breaking the Local Rules**
The Head of Student Residential Life or your Warden is authorised to impose a penalty (s.3.2 (b) Student Disciplinary Regulations).

The Disciplinary Procedures explain how any allegations of misconduct will be investigated and the Guidance for Penalties gives further details of the range of penalties likely to be imposed ([www.bristol.ac.uk/accommodation/procedures/](http://www.bristol.ac.uk/accommodation/procedures/)).

Penalties will fall into the following categories (s.3.3 Student Disciplinary Regulations [www.bristol.ac.uk/media-library/sites/secretary/documents/student-rules-and-regs/student-disciplinary-regulations.pdf](http://www.bristol.ac.uk/media-library/sites/secretary/documents/student-rules-and-regs/student-disciplinary-regulations.pdf))

- A written reprimand;
- A caution, which means that no penalty is imposed, but if the student is found guilty of misconduct on a subsequent occasion in the following twelve months (or some other specified period), he or she will then be dealt with for both offences:
- A fine not exceeding £100;
• The requirement to pay a reasonable sum by way of compensation for identified and quantified loss;
• The requirement to give and comply with a written undertaking as to future behaviour;
• The requirement to perform unpaid services for the University community to a maximum of 20 hours;
• Exclusion, either permanently or for a specified period, from the use of a specified University service or facility (including specified residential facilities) to which the misconduct relates;
• A requirement to attend a specified course or programme and to pay the reasonable cost as determined at the relevant time by the University;
• In the case of serious misconduct referral to the Disciplinary Committee, which in addition to the penalties listed above may exclude, suspend or expel the student;
• In the case of a breach or misconduct which is also a criminal offence, referral to the police.

Where the breach or misconduct is also a breach of the University of Bristol Residence Conditions, www.bristol.ac.uk/accommodation/media/docs/residence-conditions.pdf, the student(s) may be referred to the Director of Residential and Hospitality Services who may take steps to evict the student(s).

Financial penalties will be invoiced and collected and, if necessary, that collection will be enforced in the same way as any other financial obligations of students to the University.

Appeals
A student on whom a penalty is imposed may appeal against the finding of guilt or the imposition of the penalty. Appeals must be submitted in writing to the University Secretary within seven working days of notification of the penalty. Upon receipt of the appeal, the Secretary will arrange for it to be considered by a University Officer or a member of the academic staff who is also a member of Senate or a senior administrative officer not previously associated with the case. The person considering the appeal may reject the appeal and confirm the original penalty, uphold the appeal, or refer the case to a Council Committee established under the procedures set out in the Regulations.

Items taken into storage or safekeeping
Any items that are taken into storage by staff members will be stored safely and can be collected by the student on receipt of a written undertaking to remove them from the residence immediately.
