Tuition Fee Refund Policy

1. Introduction

1.1 The following Policy sets out the arrangements and calculations relating to tuition fee refunds in the event of a student formally withdrawing from their studies.

1.2 All information provided to students on the University website and any other literature available to students must reflect this Policy. See Appendix 1 for a list of key staff for dissemination of this Policy, and any future updates.

2. Refunds – general provisions

2.1 Students may be entitled to a refund after paying some or all their tuition fees, if they withdraw from study at the University before completion of their programme. Refund calculations are based on a student’s last date of attendance or engagement. Refunds can only be processed after the withdrawal is complete.

2.2 Where students are required to withdraw for academic reasons and have not completed the year, the last date of attendance will be the date on which the Exam Board decision is formally communicated to the student. Where students are required to withdraw for other reasons e.g. disciplinary action, the last date of attendance will be the date on which the decision is formally communicated to the student e.g. at or following the formal meeting or hearing considering the matter.

2.3 If a student has any University debt, it will be subtracted from any refund of fees payable.

2.4 All refunds will be calculated and issued in £ Sterling. The University will not refund any shortfalls due to exchange rate fluctuations, or offer compensation for any bank or other charges incurred.

2.5 Refunds will only be made to the person who originally paid the tuition fees. If a parent or guardian, or a third party has paid on behalf of a student but wishes the refund to be paid direct to the student, the University is unable to comply with such requests. This is an important provision to ensure adherence with the University’s Anti-Money Laundering Policy.
3. **Refunds for undergraduate (UG) students**

3.1 UG programme fees are charged as follows:

- No fees charged if withdrawal date is within the first two (teaching) weeks of the start of the programme/start of the academic year of their chosen programme.
- 25% of fees charged if withdrawal date is after the first two weeks and before the start of the second term.
- 50% of fees charged if withdrawal date is after the start of the second term and before the start of the third term.
- 100% of fees charged if withdrawal date is after the start of the third term.

3.2 The University will ensure that home undergraduate students who withdraw are not charged tuition fees in excess of the tuition fee loan available to them.

### 5. Refund of deposits

The following relates to the refunding of deposits following a withdrawal from a programme after a student has fully registered:
Tuition Fee Refund Policy

- Deposits that have been paid for all programmes other than for pre-sessional English language courses will be included in refund calculations and refunded to the payer.
- Deposits that have been paid for pre-sessional English language courses will be excluded from refund calculations and kept by University of Bristol.

For deposits paid where registration has not been completed, the deposit will not be refundable except in circumstances outlined in the International Deposits Refund Policy.

6. Suspension of Study

The refund policy will also apply to eligible students within this policy who formally suspend from study.

- As per 3.2 no fees will be charged if the start date for suspension of study is within the first two weeks of their teaching course.
- If they suspend after the first two weeks and paid a deposit, this can be used to secure their course place the following academic year if returning to study.
