Book launch *Essential Primary Care*

Apologies for advertising, but we thought that you might want to know about this one—a new book for medical students on Primary Care, edited by Andrew Blythe, former head of teaching in CAPC and now director for assessment, and Jessica Buchan, previously Year 4 lead and with contributions from other CAPC members. The book aims to give medical students a comprehensive overview of clinical problems encountered in primary care. It covers the structure of primary care in the UK, disease prevention and management of common and important clinical presentations from infancy to old age. Case studies illustrate key learning points. The book provides a lot of practical advice.

The **'GP Careers Champions Scheme'** has been set up by local leadership GP trainees as part of a national drive to promote general practice and showcase what a fantastic career it can be. The Scheme offers near-peer mentoring to undergraduates or junior doctors who may be interested in a career in General Practice and who are looking for further guidance. We are seeking to recruit enthusiastic GPs/GPSTs to be **"GP Careers Champions"**. Champions will:

- ◆ Be matched to a student who has expressed an interest in GP as a career and who would like to know more.
- ◆ Offer mentorship in a method convenient to both parties – this may be over a period of time or a one-off meeting via email, phone or face-to-face.

The Scheme is designed to be flexible to both parties and manageable around work commitments. Champion and mentee will both receive a certificate of participation from the deanery.

If you are enthusiastic about your career, friendly, approachable and would like to get involved please email gpcareerschampions@gmail.com for more information and a copy of our FAQs. Alternatively, if you know of any students or junior doctors who may wish to use the scheme please pass on this email contact.

Severn Faculty RCGP Gala Dinner Friday 10th June 2016

Clifton Pavilion at Bristol Zoo Gardens, College Road, Clifton, Bristol, BS8 3HH
"Opening our eyes to Global Health—a philosophy of universal values"

Don't miss this talk by **Professor Val Wass** OBE, a GP with an interest in Global Medicine and Chair of the RCGP International Committee! Why not make it an evening out with friends and colleagues and book your table now. Tickets include free viewing of outdoor Zoo enclosures and gardens from 18:00-19:30, a Reception drink and a Three Course Dinner with drinks and coffee from 19:30.

To book go to <http://www.rcgp.org.uk/learning/wales-and-south-west-england/severn-faculty/severn-faculty-rcgp-gala-dinner-2016.aspx>
