phc-teaching@bristol.ac.uk

This has easily been my most enjoyable clinical attachment at university

## Happy Easter

From all of us in Primary Care

Having completed this attachment, I am strongly considering a career in general practice.

Amazing experience - this placement really changed my view and perception of what GP is

Feedback from 4th year students on their recent GP placement

### Bristol Primary Care SSCs in the News

An upcoming **eSSC on Culinary Medicine**, hosted by Primary Care and co-led by our very own Head of Teaching, Dr Trevor Thompson, made the news this month. **Bristol University** was described as 'a hotbed of the new revolution' to improve nutrition training for medical students. Building on work done in *Prevent study days* and the award winning *Whole Person Care course*, and in collaboration with **Nutritank** <http://nutritank.com/> (an online organisation set up by two Bristol Medical Students to share nutrition science), Primary Care is excited to be hosting GP and author of **The Doctor's Kitchen**, **Dr Rupy Aujla** to lead an SSC in Culinary Medicine for medical students - the first of its kind in the UK
