Happy New Year to all our GP Teachers

Where do GPs come from?

That is a searchable question and you can find plenty of evidence in the education literature. The simple answer is that **students are more likely to consider GP as a career if they have more time learning in General Practice**. A paper by Alberti et al published in the BJGP in 2017 demonstrated a statistically significant relationship between the quantity of authentic GP teaching sessions per medical school and the percentage of their F2 graduates who selected GP training programmes.

In MB21 Year 4 we have more than doubled GP sessions, from 30 in MB16 to **72 in MB21** and improved the balance of teaching and payment.

Do you have 2020 Vision?

MB21 Year 4 is coming on stream in September 2020

Come and join us at one of our **MB21 Year 4 roadshows** to find out more about our exciting changes and how you can be part of enthusing the next generation to become GPs.

Here are dates and venues for upcoming events:

29th Jan 14.00-17.00 Engineers' Hse, Bristol

3rd March 9.00-13.00 Taunton Academy, Musgrove Park Hospital

Please help us to produce more GPs

Discover GP Conference in Bristol 28th February

<https://rcgpportal.force.com/s/lt-event?site=a0d0Y00000AeOP6QAN&id=a1U1i000001NjhwEAC>

This series of themed conferences is a **very special opportunity for medical students and Foundation doctors** to explore the role of GP as change maker in the 21st century. The Bristol conference will focus on climate change and the environment. Please also see the [flyer on p3](#)

Please encourage your students and Foundation doctors to attend this conference.

Primary Care Teaching Team Away Day

Well, actually only a half day, but a productive one. With Years 1 and 2 bedding in, Year 3 being rolled out and Year 4 just round the corner and much else happening, we felt that we needed time out to take stock and share ideas how to take Primary Care teaching forward.

In best GP workshop tradition, children's playrooms had been raided to set our imagination free with plasticine, coloured pencils and even glitter! Action points identified, all materials were duly returned to their owners.

And it is feedback from students that inspires us and keeps us going....

Brilliant, more about getting stuck in than learning specific facts, and in doing so I learnt more than in all the other units combined.

Loved it and wish I had longer at this GP practice

From Prof. Trevor Thompson

Like to Swap the Chill of England for the Warmth of Africa? Music and Auction Nite 18th January 2020

On 18/01 we're banishing the chill of winter for the warmth of Zimbabwe with the ex-Bhundu Boys marimba virtuoso Kuda Matimba and Friends. The event builds on a similar one in March 2018 which funded two new classrooms for a school in the beautiful but impoverished Masvingo Province of rural Zimbabwe. This time we are looking to equip the whole school (800+ pupils) with textbooks (their current stock is a joke). All administered via Rotary here and in Zimbabwe. As well as music there is a fun auction of promises (see [here](#)), snacks and a normal prices bar. Come and share the love - and a little bit of wealth. This event is organised by Trevor Thompson (CAPC Teaching) and Simon Bright (Zimbabwean film-maker). Donation tickets are £12.50 [here](#). Tables can be booked. Facebook event [here](#). Tariro! (hope) Trev

TARIRO ZIMBABWE!

MUSIC AND AUCTION NITE

With KUDA MATIMBA and FRIENDS

7.00-11pm Saturday 18th January 2020
@ (the fab) Redland Parish Church Halls, BS6 7HE

Tariro Zimbabwe!

Kuda Matimba was born in Harare. With a passion for marimba and mbira, he has traveled worldwide, teaching and performing – including with legendary Bhundu Boys. Listen [here](#) (or search soundcloud.com). Kuda is supported with live jazz from 7pm with "Round Midnight".

Promises for Auction include an African Film Night (with guided discussion), a meal for two at Clifton Lido, a week in a Pembrokeshire cottage, Twitter lessons, hand-knitted socks and many other intrigues.

And all this because? In challenging times, we can help a community improve educational opportunities for all. In 2018, the people of Bristol funded two new classrooms for a school in rural southern Zimbabwe. In partnership with the Rotary Club (in Zim and Bristol), help supply that same school with basic textbooks and solar-powered lighting.

Live music sets followed by dancing to African Grooves. Cash bar and snacks. Can't come? Donate [here](#) via JustGiving or on [Eventbrite](#).

Donation tickets are a suggested £12.50 and can be purchased via [Eventbrite](#). Tables can be reserved for groups of x4-8.
