Research at the Centre for Academic Primary Care

Do you ever wonder what the local primary care researchers are currently focusing on? You can find out by reading the research newsletter at <https://mailchi.mp/975970be1708/phc-infobristolacuk-2804829>

If you would like the newsletter straight into your inbox, you can sign up here <https://bristol.us8.list-manage.com/subscribe?u=39a013797ba51eee5bc1d96d0&id=3633bc726c>

*** TEACHING OPPORTUNITY ***

Could you supervise a Primary Care Student Selected Component (SSC)?

What? 3-4 week long placement where students focus on an area that interests them.

When? The placements will take place in July 2019.

Proposals need to be submitted by 30th of November 2018

Why do an SSC? Students are engaged and interested • Exposure to primary care increases the chance of students choosing GP as a career • Good for your appraisal • Easy way to get involved in teaching • Students can do useful work for the practice • Teaching students is stimulating and interesting • **Funding is available**

What can they do? Students can do a range of things in primary care, for example audits, quality improvement projects, produce patient information material, or anything else you have in mind.

What next? If you're interested please email phc-teaching@bristol.ac.uk for an information pack or to talk to us.

Curious about The Art in Medicine? Teaching opportunity

Would you like to facilitate MB21 Year 1 student sessions exploring the art of medicine? -

An opportunity to take a step back from the coalface and reflect. Material for your appraisal discussion? **More information and how to book on page 2**

Against empathy?

Trevor Thompson has been out book-shopping in the new branch of Waterstones that has opened in Clifton in Bristol. A book called "Against Empathy" took his interest and his review of the book was recently published by the Association for Medical Education in Europe (AMEE). You can read Trevor's review here

<https://www.mededpublish.org/manuscripts/1959>

Do consider leaving a comment - the journal takes pride in stimulating debate.

Curious about The Art in Medicine? Teaching opportunity

Trevor Thompson runs tutorials looking at the 'art in medicine' in the Foundation Unit for students in MB21 Year 1.

One of the tutorials is a critical and curious look at the concept of the "**Art of Medicine**" and involves some philosophy of science (paradigms). The other aims to give an intellectual underpinning to the concept of **holism** (called "Widening the Circle of Concern").

Trevor is looking for tutors to help him deliver these sessions. Are you this tutor?

This is a chance to gain a deeper understanding of the 'art of medicine', an opportunity for reflection and for extending your teaching experience.

Here are the dates

Art of Medicine Tutorial

12noon - 1pm Monday 5th November
2-3pm Monday 5th November

Corresponding lecture Tuesday
30th October 3-4pm

Widening the Circle of Concern Tutorial

12noon to 1pm Monday 19th November
2-3pm Monday 19th November

Corresponding lecture Friday
16th Nov 2-3pm

If you are keen to give it a go, please contact trevor.thompson@bristol.ac.uk

Emails from RCGP—Are you getting them?

Due to changes in data protection law that came into force in May 2018, RCGP no longer had permission to email members on the basis of their past email unsubscribe choices. If you haven't already "OPTED-IN" and are no longer receiving emails from RCGP and you would like to continue to receive email communications from them, you will need to let them know by updating your preferences. You can manage your preferences using a quick opt-in/opt-out list - it should only take a couple of minutes and you can change or update your choices anytime
