## Year 4 Workshop

Tuesday 15th March 2011, Engineers' Hse, Clifton, Bristol

We have 60 places. Don't miss it

This workshop offers you a medley of skills and knowledge relevant to your fourth year teaching. Simon Atkinson from TLHP (UoB's masters course in Teaching and Learning for Health professionals) will lead a session on professionalism. John Edmond, a cardiologist from the BRI will show you how he teaches cardiovascular examination. Consultation skills, assessment, how to give a good tutorial and more.

To book your place, email Kimberley Wooster.

## Further GP Teacher workshops for 2011

- ◆ Year 2&3 workshop 12th April  
Teaching Psychiatry, clinical skills and more
- ◆ Year 5 workshop 17th May  
We will share our experiences of the new Year 5 teaching  
Venue: Engineers' Hse, Clifton, Bristol

## As doctors, how well are we looking after ourselves?

...and how are we role modelling self-care for our students?

There is an excellent Canadian website which describes itself as the world's first comprehensive physician health resource, suitable for qualified doctors and those in training. Topics include burnout, relationship with self, substance misuse, boundary issues and others. Relevant, practical and easy to navigate.

'FIFE' is a tool for reflection from the section 'Relationship with self'

- F What am I feeling about my patient/my colleague? (**Affect**)
- I What is my impression about myself regarding my patient/colleague/work? (**Cognition**)
- F What are the effects of this patient/colleague/work on my functioning? (**Behaviour**)
- E What expectations do I have of myself? (**Effect**)

If you would like to read more about this, please visit [www.ephysicianhealth.com](http://www.ephysicianhealth.com)

## Teaching Workshop for GPs in training - Advance notice

We are pleased that we will be able to continue offering teaching opportunities to GPs in training. We are organising a teaching workshop for those ST doctors who will be working in General Practice from August 2011 and who definitely want to teach 3rd year medical students in their practices in 2011-12 (with their Trainer's permission). The date is

Friday 10th June 9.30-13.00 Deanery Hse, Bristol

## Don't miss Phil Hammond at Bristol Zoo

20th May 2011

Phil has been invited by the RCGP Severn Faculty to give the Gale lecture at the Bristol Zoo gardens. He has chosen the intriguing title '**Difficult conversations**'. This promises to be an entertaining and enjoyable evening.

Come early and enjoy a private walk round Bristol Zoo in its 175th anniversary year. Why not book a table for eight and bring your friends and colleagues for an enjoyable evening out? To book please go to
