### Year 2&3 GP Teacher Workshop 17th April Engineers' House, Clifton, Bristol

**Dr. Nicky Cohen**, the Deputy Programme Director and new Year 2 lead for Clinical Skills, will be joining us for the day to answer your question regarding the curriculum and timetable changes for Year 2 from 2013-14 onwards.

We will be looking at planning teaching, learning needs analysis, reflective learning, otoscopy and 'transitions' - an exploration how students develop into professionals and how we can support them in this journey. To book your place email [phc-teaching@bristol.ac.uk](mailto:phc-teaching@bristol.ac.uk)  
Programme at <http://www.bristol.ac.uk/primaryhealthcare/teachingtutors/workshops>

*Don't miss this exciting day!*

# Happy Easter

### Examiner training workshop Monday 3rd June 2013 9.30-12.00

GPs and consultants from Dermatology and Medicine for Older People are invited to attend an examiner training and update session at **Canyng Hall in room G12**.

It will be an interactive morning, aimed at clinicians who examine, or wish to examine, at the COMP2 OSCE exams. We will provide an update on the structure of the exam, recent changes, examples of stations and show DVDs of OSCE stations for practice at marking.

The GMC is keen that all examiners receive regular training and we suggest this should be at least once every 3 years. This is also an opportunity to try to improve inter-examiner consistency. Come and find out if you are a 'hawk' or a 'dove'!

We are looking for GPs who have taught 4th or 5th year students in their practices.

To book your place, please email [phc-teaching@bristol.ac.uk](mailto:phc-teaching@bristol.ac.uk) We have 20 places available.

### GP Society

Last year the medical students set up a GP Society. This society has gone from strength to strength. Terry Kemple, Senior Partner at Horfield Heath Centre in Bristol, spoke at the society's first meeting. Clare Gerada, Chair of the RCGP, spoke at the next meeting. Last month the society hosted a one day conference on a Saturday and invited a panel of GPs to speak about their different careers. And then last weekend the students ran a stall at the medical students' careers fair. Elections will be held soon for next year's committee members. We anticipate that the new committee will be equally dynamic.

### Our admin staff is sleeping rough...

Alison Capey who is covering Jacqui Gregory raised about £170 for the homeless at a sleep-out in the centre of Bristol. The money will go to the 'Breakfast Run' project at her church—bacon sandwiches and hot drink flasks are taken to the rendezvous point which is behind the bus station in the centre of Bristol. This project has been running for 20 years.

### New baby

Congratulations to Jacqui Gregory. She had a little boy. All well.
