Admissions cycle
This Admissions Statement applies to applications submitted for entry to the programme between 1st October 2018 and 30th September 2019.

Application deadline
Details of application deadlines for this programme are displayed on the individual programme page within the University course finder.

Results deadline
Applicants who receive a conditional offer must submit all final results to meet their offer conditions by 31 July. Offer holders unable to meet this deadline should contact the admissions team as soon as possible.

Admissions criteria
Academic requirements
Applicants must hold/achieve a minimum of a good upper second-class honours degree with a final average of 66% or above (or international equivalent) in an engineering discipline or a closely related field.
For information on international equivalent qualifications, please refer to our International Office website.

**English language requirements for non-native English speakers**

Applicants whose first language is not English, and whose full undergraduate degree was not taught in an English-speaking country, must hold/achieve a minimum score in an approved English language test as specified in Profile E of the University's English Language Requirements Policy.

You do not need to have reached the required level of English language before submitting an application, but if necessary you must submit an English language test with your application for us to assess your level of proficiency. If necessary, English language will be included as a condition of offer.

There is an option to take one of the University’s Pre-sessional English courses; details are available on the Centre for English Language and Foundation Studies website.

**Additional requirements**

There are no additional requirements for this programme.

**Application process**

**Online application form**

Applicants should complete the online application form, uploading all required documents directly into the application form. Guidance on uploading documents can be found in the Guidance for online applications. Any paper documents received by post, or electronic documents received by email, will not be considered except in exceptional circumstances.

Applicants should make every effort to choose the correct programme in the application form by reading the prospectus entry and admissions statements fully. Applicants should contact the relevant Admissions Team if clarification is required.

**Documents to upload to online application form**

The required documents for this programme are listed below. Applications may not be considered until all required documents have been uploaded to the application form.

Applicants who have already submitted an application can upload additional documents into the ‘Post-submission uploads’ section of the application form. Information about how to upload documents to an application form can be found in our Guidance for online applications.

Required documents for this programme are:

- **Two academic references (minimum):** References should be submitted electronically by the referee, using the online reference form. Alternatively, scanned copies of the original reference document(s) can be uploaded by the applicant.

  If you graduated more than two years ago, or if professional experience is relevant to the application, professional references will be accepted in lieu of one academic reference. At least one referee should be familiar with the applicant’s academic work. References must be written, signed and dated on official letter headed paper from the referee's organisation. They must include the referee’s full contact details, i.e. postal address, telephone number and organisation email address. A reference template is available to show the required format.
References supplied with a personal contact email address will not be accepted unless under exceptional circumstances, which must be explained within the reference. All references must be dated within the last two years.

- **Degree certificate(s)** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.

- **Academic transcripts** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English. Transcripts must list all subjects taken and grades achieved to date, with the grade scale clearly displayed in the transcript. Applicants must clearly state their current average grade in the online application form.

- **Personal statement (maximum 1,000 words)**. Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.

- **English language certificates** are required from applicants for whom English is not the native language and whose full undergraduate degree was not taught in an English-speaking country (please see the English Language Requirements for a list of English-speaking countries).

### Optional documents

- **High School (pre-university) certificates**. Please provide colour scans of original documents or certified copies, as well as certified translations of documents in any language other than English.

- **Additional references**. You are welcome to upload additional references, such as professional references from work experience in a related field and/or industrial placements, to further support your application.

- **Curriculum vitae (CV)**. CVs might include details of other relevant work experience and qualifications to support an application.

### Correspondence with applicants

Applicants will normally receive communication via email to the email address used to set up the application form account. Applicants should ensure the profile email address is kept up-to-date.

### Selection process

#### Assessment of applications

All applicants are considered on an equal basis in line with the University’s Equality and Diversity Policy.

Once a complete application has been submitted with all required supporting documents, it is considered by the admissions team in close co-operation with the Academic Admissions Tutor, using the following criteria:

- Academic achievement
- Academic references
- Personal statement
- English language proficiency
Applicants who have undertaken a transnational education partnership programme or top-up degree and meet the minimum academic requirements will not automatically receive an offer. In these cases, admissions decisions are based on the applicant’s academic history alongside relevance of degree, and, if necessary, degree content and performance in key modules.

Applicants are considered holistically on their own merit and in competition with the rest of the applicant cohort during that academic cycle.

**Interviews**

Interviews do not normally form part of the selection process. However, we may interview applicants with non-standard qualifications or those with additional skills and experience to be considered as part of their application.

Interviews are used to assess whether the applicant has the necessary skills and capabilities to pursue their chosen programme, and whether the programme is appropriate to their interests and aspirations.

Interviewees based overseas are usually interviewed by telephone or Skype.

Interviews are normally conducted by two members of staff, at least one of whom is trained in fair and effective recruitment techniques. All interviews are undertaken in accordance with the [University’s Equality and Diversity Policy](#).

**Non-standard applications**

We welcome applicants with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to their chosen programme. Please use your personal statement to provide further details.

Non-standard applications are considered by the Admissions Tutor(s).

**Decisions**

**Notification of decisions**

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission, this will be stated in the offer letter.

**Offers**

Offers are typically made in line with the academic requirements set out above.

Offers may be conditional or unconditional. Unconditional offers are made to successful applicants who have met the admissions requirements. Successful applicants who have not yet fulfilled the academic or language requirements will receive a conditional offer outlining the outstanding requirements.

We may consider applicants whose interim grades are slightly below the specified entry requirements. In such cases, any offer made will be conditional on achieving the standard entry requirements for the programme.

Unsuccessful applicants may be considered for an alternative programme in a related subject area. In such cases, applicants will receive an email with details of the alternative options. You may have
to submit additional documentation in order to be considered for an alternative programme. Please check the relevant admissions statement for details.

**Deferrals**
Deferred entry is available for this programme, subject to agreement. Please contact the admissions team if you would like to defer your start date.

**Additional information**

**Extenuating Circumstances**
If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies you can submit an extenuating circumstances form as part of your application.

The information provided on the form will be treated confidentially and will help us to fairly assess your academic performance in light of your circumstances.

**ATAS**
Applicants who require a visa to study in the UK must first gain clearance through the Academic Technology Approval Scheme (ATAS). Please visit the ATAS page on the Foreign and Commonwealth Office website for further information.

**Deposits**
International self-funded students accepting a place on a taught postgraduate programme are required to pay a deposit of £1500. Further information is available on how to pay programme deposits. Further information will also be provided in the offer letter to successful applicants.

The deposit is non-transferable and non-refundable except under the circumstances outlined in the International Deposits Refund Policy.

**Visa**
International students coming to the UK to study full-time must apply for a student visa. Tier 4 student visa guidance notes are available on the University website.

**Sponsored Students**
Sponsored students are not required to pay the deposit but will need to upload a copy of their sponsorship letter using the ‘Post Submission Uploads’ section of the online application. Sponsored students will also need to complete and upload the sponsorship authorisation form.
