<tr>
<th>Academic requirements</th>
<th>Applicants must hold/achieve an upper second-class degree (or international equivalent) in a numerate physical science or engineering discipline. Candidates with a lower class of degree, equivalent qualifications or relevant work experience may be admitted if they can demonstrate their potential for higher degree work. Unfortunately, applicants with an engineering background in Aerospace, Mechanical, Civil and Automation Engineering will not be considered suitable for this programme.</th>

Application process

Online application form
Applicants should complete the online application form, uploading all required documents directly. Further information is available on our guidance for online applications page.

Applications will not be considered until all required documents have been uploaded. If you have already submitted an application, you can upload additional documents into the ‘Post-submission uploads’ section of the application form. Paper documents received by post, or electronic documents received by email, are only considered in exceptional circumstances.

### Required and optional documents

<tbody>
<tr>
<td>Two references (minimum)</td>
<td>References should be submitted electronically by the referee, using the online reference form. Alternatively, scanned copies of the original reference document(s) can be uploaded by the applicant. One academic reference is required, the second reference may either be academic or if professional experience is relevant to the application, professional references will be accepted in lieu of one academic reference. At least one referee should be familiar with the applicant's academic work. References supplied with a personal contact email address will be accepted in exceptional circumstances, which must be explained within the reference. All references must be written, signed and dated on official letter headed paper from the referee's organisation. They must include the referee’s full contact details, i.e. postal address, telephone number and organisation email address and must be dated within the last two years. A reference template is available to show the required format.</td>
</tr>
<tr>
<td>Degree certificate(s)</td>
<td>From first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.</td>
</tr>
<tr>
<td>Academic transcripts</td>
<td>From first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English. Transcripts must list all subjects taken and grades achieved to date, with the grade scale clearly displayed in the transcript. Applicants must clearly state their current average grade in the online application form.</td>
</tr>
<tr>
<td>Personal statement</td>
<td>Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.</td>
</tr>
<tr>
<td>English language certificates/other evidence</td>
<td>All applicants are required to have reached the required profile level of English language as specified by the University's English Language Requirements Policy</td>

Selection process

Assessment of applications
All applicants are considered in line with the University’s Admissions Principles and Procedures Policy and Equality, Diversity and Inclusion policy. Once a complete application has been submitted with all required supporting documents, it is considered by at least two members of staff using the following criteria:

- Performance in undergraduate degree
- English language ability (where applicable)
- References
- Personal statement
- Relevant work experience

Interviews
Interviews may form part of the selection process. The purpose of the interview is to assess whether the applicant has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant’s interests and aspirations.

If required, interviewees based overseas will normally be interviewed by telephone or Skype.

Decisions
Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the offer letter.

Offers
Offers will typically be made in line with the academic requirements set out above. Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met.

If an applicant is not selected to receive an offer for the course to which they have originally applied, we may offer the opportunity to be considered for an alternative programme in a related subject area. In such cases applicants will receive an email notification providing any alternative course options and asking whether they wish to be considered for these. It may be necessary for applicants to submit additional documentation in order for the application to be fully considered for an alternative programme. Details of the documentation required can be found in the admissions statement for the relevant programme.

Results deadline
Applicants who receive a conditional offer will be required to submit all final results to meet their offer conditions by 31 July. Offer holders who will be unable to provide their final results by this date should email admissions-engpg@bristol.ac.uk to notify the admissions team as soon as possible.

Deferrals
Deferred entry is available for this programme, subject to agreement by the relevant Admissions Team. Please contact admissions-engpg@bristol.ac.uk to make a formal request.

Additional information

Extenuating circumstances
If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies, you can submit an extenuating circumstances form as part of your application.

The information provided will be treated confidentially and will help us to assess your academic performance fairly considering your circumstances.

### Academic Technology Approval Scheme (ATAS)

An ATAS certificate is not required for this programme.

### Visa

International students coming to the UK to study full-time may need to apply for a student visa. Tier 4 student visa guidance notes are available on the University website.
