Selection process

Assessment of applications

All applicants are considered in line with the University's [Admissions Principles and Procedures Policy](#) and [Equality, Diversity and Inclusion policy](#). Once a complete application has been submitted with all required supporting documents, it is considered by the postgraduate tutor, who will check the application to verify that you meet the minimum academic requirements for admission and request additional supporting documentation if necessary. Applications are then referred to potential supervisors for evaluation, and you will be informed about the status of your application soon thereafter. Supervisors may contact applicants directly for additional information to help them to evaluate the application.

Interviews

Interviews form part of the selection process. Interviews typically last 30 minutes and are used to assess whether the applicant has the necessary skills and capabilities to pursue their chosen programme, and whether the programme is appropriate to the applicant's interests and aspirations. Interviewees based overseas will normally be interviewed by telephone or Skype. Interviews are normally conducted by two members of staff, one of whom is the proposed supervisor and at least one of whom is trained in fair and effective recruitment techniques. All interviews are undertaken in accordance with the [University's Equality and Diversity Policy](#)

Decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the offer letter.

Offers

Offers will typically be made in line with the academic requirements set out above. Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met.

If an applicant is not selected to receive an offer for the course to which they have originally applied, we may offer the opportunity to be considered for an alternative programme in a related subject area. In such cases applicants will receive an email notification providing any alternative course options and asking whether they wish to be considered for these. It may be necessary for applicants to submit additional documentation in order for the application to be fully considered for an alternative programme. Details of the documentation required can be found in the admissions statement for the relevant programme.

Deferred entry is available for this programme, subject to agreement by the relevant Admissions Team. Please contact fohs-pgadmissions@bristol.ac.uk to make a formal request.
