

# Postgraduate Admissions Statement for

## PhD Cellular and Molecular Medicine

This Admissions Statement applies to applications submitted for entry to the programme between 1 October 2020 and 30 September 2021.

It should be read in association with the [University Admissions Principles and Procedures](#) for Postgraduate programmes, the relevant [prospectus entry](#) and general [application guidance](#).

### Admissions criteria

<b>Academic and English language requirements</b>	The academic and English language requirements for this programme are displayed on the <a href="#">Postgraduate Prospectus</a>  For information on international equivalent qualifications, please refer to our <a href="#">International Office website</a> .
<b>Non-standard applications</b>	We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details.  Non-standard applications will be considered by the Admissions Tutor(s) for the programme on a case by case basis.

### Application process

#### Online application form

Applicants should complete the online application form, uploading all required documents directly. Further information is available on our [guidance for online applications page](#)

Applications will not be considered until **all** required documents have been uploaded.

#### Required and optional documents

✓	<b>References</b>	We require two academic references. References should comply with our standard requirements outlined on <a href="#">our guidance pages</a> .
✓	<b>Degree certificate(s) and academic transcripts</b>	From first and subsequent degrees. Degree certificates and transcripts should comply with our standard requirements outlined on <a href="#">our guidance pages</a> .
✓	<b>Personal statement</b>	The personal statement should include your reasons for choosing this programme, and details of how your previous education and experience qualifies you to undertake research in your chosen area.
✓	<b>English language certificates/other evidence</b>	Evidence of meeting the English language profile as stated on the <a href="#">Postgraduate Prospectus</a> and specified by the <a href="#">University English Language Requirements Policy</a>
✓	<b>Curriculum Vitae (CV)</b>	CVs might include details of other relevant qualifications to support an application. Please do not include any school (pre-university) certificates, unless specified above.

✓	<b>Research Statement:</b>	You should use the research statement to define and situate your research interests within an academic/disciplinary context. Please exercise due regard for the primary audience/readership for postgraduate research (that is, the academic community).
✓	<b>Distance learning research statement</b>	Applicants for the distance learning option must submit a research statement providing a description of the subject and focus of the research project, including the research materials and resources required (250-word limit).
✓	<b>Distance Learning supporting letter</b>	Applicants for the distance learning option must submit a supporting letter from any institution/organisation playing a role in their research.
<b>Optional Documents</b>		
<b>Research Training Statement</b>	Applicants are welcome to provide details of any relevant qualifications or training required to assist with their application.	
<b>Additional references</b>	Applicants are welcome to upload additional references from work experience in a related field and/or industrial placements to support their application.	

## Selection process

### Assessment of applications

All applicants are considered in line with the University's [Admissions Principles and Procedures Policy](#)

Once a complete application has been submitted with all required supporting documents, it is considered by at least two members of staff using the following criteria:

- Academic achievement
- English language proficiency (where applicable)
- Academic references
- personal statement
- Availability of appropriate supervision

### Interviews

Interviews may form part of the selection process.

The purpose of the interview is to assess whether the applicant has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant's interests and aspirations.

If required, interviewees based overseas will normally be interviewed by telephone or Skype.

### Decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the offer letter.

### Offers

Offers will typically be made in line with the academic requirements set out above.

Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met.

If an applicant is not selected to receive an offer for the course to which they have originally applied, we may offer the opportunity to be considered for an alternative programme in a related subject area. In such cases applicants will receive an email notification providing any alternative course options and asking whether they wish to be considered for these. It may be necessary for applicants to submit additional documentation in order for the application to be fully considered for an alternative programme. Details of the documentation required can be found in the admissions statement for the relevant programme.

### **Deferrals**

This programme does not normally allow deferrals unless there are exceptional circumstances. Please contact [fls-pg-admissions@bristol.ac.uk](mailto:fls-pg-admissions@bristol.ac.uk) if you would like to discuss the possibility of deferring your start date.

## **Additional information**

### **Extenuating circumstances**

If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies, you can submit an [extenuating circumstances](#) form as part of your application.

The information provided will be treated confidentially and will help us to assess your academic performance fairly considering your circumstances.

### **Academic Technology Approval Scheme (ATAS)**

Applicants who will require a visa to study in the UK will also be required to gain clearance through the [Academic Technology Approval Scheme](#) (ATAS). The Academic Technology Approval Scheme is a clearance process which affects overseas applicants (outside the EEA and Switzerland) for certain postgraduate science, technology, medical and engineering studies in the UK. Applicants to affected programmes are required to obtain an ATAS certificate before applying for a visa.

### **Visa**

International students coming to the UK to study full-time may need to apply for a student visa. [Tier 4 student visa guidance notes](#) are available on the University website.

## **Fees and Deposits**

### **Fees**

Annual tuition fee are available on the relevant [prospectus entry](#) for this programme.

### **Deposits**

Deposits are not required for this programme.

### **Sponsored Students**

Sponsored students will need to upload a copy of their sponsorship letter using the 'Post Submission Uploads' section of the online application.
