Postgraduate Admissions Statement for
PhD Interactive Artificial Intelligence

This Admissions Statement applies to applications submitted for entry to the programme between 1 October 2021 and 30 September 2022

It should be read in association with the University Admissions Principles and Procedures for Postgraduate programmes, the relevant prospectus entry and general application guidance.

Admissions criteria

| Academic and English language requirements | The academic and English language requirements for this programme are displayed on the Postgraduate Prospectus. For information on international equivalent qualifications, please refer to the International Office website. |
| Non-standard applications | We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details. Non-standard applications will be considered by the Admissions Tutor(s) for the programme on a case-by-case basis. |

Application process

Online application form

Applicants should complete the online application form, uploading all required documents directly. Further information is available on our guidance for online applications page.

Applications will not be considered until all required documents have been uploaded.

Required and optional documents

| ✓ | References | We require two academic references. References should comply with our standard requirements outlined on our guidance pages. |
| ✓ | Degree certificate(s) and academic transcripts | From first and subsequent degrees. Degree certificates and transcripts should comply with our standard requirements outlined on our guidance pages. |
| ✓ | Personal statement | Lengthwise, a personal statement should be at least one side of A4 and written in formal English. The statement will give your nominated supervisor an opportunity to find out more about you. You should think of it as an opportunity to tell about yourself and to highlight your strengths. Explain your reasons for wanting to study this topic. What motivates you to do this research? Mention how your interest developed, what you have done to pursue it or how you've drawn inspiration from your current studies. Or just demonstrate your enthusiasm for it. It should describe your academic interests and your purpose and objectives in undertaking graduate research. The following questions may help you plan your personal statement: |
| | | • Why do you want to undertake this topic? • How does the research fit your skill set? • How do you stand out from the crowd - e.g., work experience? • What are you aspiring to be/do in your future career? |
How can your work contribute to the department/University/society?

✓ **English language certificates/other evidence**

Evidence of meeting the English language profile as stated on the Postgraduate Prospectus and specified by the University English Language Requirements Policy

**Optional Documents**

✓ **Research Training Statement**

Applicants are welcome to provide details of any relevant qualifications or training required to assist with their application.

✓ **Curriculum Vitae (CV)**

CVs might include details of other relevant work experience and qualifications to support an application.

✓ **Additional References**

Applicants are welcome to upload additional references to further support an application. Professional references from work experience in a related field and/or industrial placements can help an application.

**Selection process**

**Assessment of applications**

All applicants are considered in line with the University’s Admissions Principles and Procedures Policy. Once a complete application has been submitted with all required supporting documents, it is considered by at least two members of staff using the following criteria:

- Academic achievement (50%);
- Performance at interview (20%);
- Programming skills and experience (20%);
- References (10%)

**Interviews**

Interviews will form part of the selection process. The purpose of the interview is to assess whether the applicant has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant’s interests and aspirations.

If required, interviewees based overseas will normally be interviewed online. Interviews are conducted by two members of staff, at least one of whom is trained in fair and effective recruitment in accordance with the University’s policy on equal opportunities.

**Decisions**

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the online admissions system.

**Offers**

Offers will typically be made in line with the academic requirements set out above.

Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met by the deadline noted in the offer.

**Deferrals**

This programme does not normally allow deferrals unless there are exceptional circumstances. Please contact iai-cdt-admissions@bristol.ac.uk if you would like to discuss the possibility of deferring your start date.
Due to the nature of postgraduate funding, however, applicants funded by the University of Bristol are not eligible for deferred entry. Any such applicants wishing to defer are encouraged to resubmit their application for consideration in the relevant year.

**Results deadline**

Applicants who receive a conditional offer will be required to submit all final results to meet their offer conditions by the deadline stated in the offer letter. Offer holders who will be unable to provide their final results by this date should email sceem-pgr-admissions@bristol.ac.uk to notify the admissions team as soon as possible.

**Additional information**

**Extenuating circumstances**

If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies, you can submit an extenuating circumstances form as part of your application. The information provided will be treated confidentially and will help us to assess your academic performance fairly considering your circumstances.

**Academic Technology Approval Scheme (ATAS)**

International students and researchers (apart from exempt nationalities) who are subject to UK immigration control will be required to apply for an Academic Technology Approval Scheme (ATAS) certificate to study this programme. For further details see www.gov.uk/guidance/academic-technology-approval-scheme.

**Visa**

International students coming to the UK to study full-time may need to apply for a student visa. Guidance is available on the University website.

**Fees and Deposits**

**Fees**

Annual tuition fee is available on the relevant prospectus entry for this programme.

**Funding**

This Centre for Doctoral Training (CDT) programme has UK Research and Innovation (UKRI) funds to support up to ten students per year. To be considered for a funding award applicants must have no restrictions on how long they can stay in the UK and must have been ordinarily resident in the UK for at least 3 years prior to the start of the studentship. These are residence requirements for research council funding for postgraduate research. Residence for education does not meet the requirements.

In addition to the UK residency requirements, UKRI allows universities to offer up to 30% of the new studentships in any one year with open eligibility. Further information is available on the UKRI/EPSRC website.

The funding award will include tuition fees, stipend, research and travel expenses. Any applications received from self-funded or externally sponsored applicants will be considered.

**Sponsored Students**

International offer holders who will be funded by an external funder must provide evidence of funding in the form of a confirmation letter from the recognised sponsor organisation. This should be uploaded to your online application and emailed to student-fees@bristol.ac.uk.

Home fees offer holders who secure external funding sponsorship must have the sponsor complete a Sponsorship authorisation form and email it to student-fees@bristol.ac.uk.
