

# Postgraduate Admissions Statement for

## PhD Robotics and Autonomous Systems

This Admissions Statement applies to applications submitted for entry to the programme between 1 October 2021 and 30 September 2022.

It should be read in association with the [University Admissions Principles and Procedures](#) for Postgraduate programmes, the relevant [prospectus entry](#) and general [application guidance](#).

### Admissions criteria

<b>Academic and English language requirements</b>	The academic and English language requirements for this programme are displayed on the <a href="#">Postgraduate Prospectus</a>  For information on international equivalent qualifications, please refer to our <a href="#">International Office website</a> .
<b>Non-standard applications</b>	We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details.  Non-standard applications will be considered by the Admissions Tutor(s) for the programme on a case by case basis.

### Application process

#### Online application form

Applicants should complete the online application form, uploading all required documents directly. Further information is available on our [guidance for online applications page](#)

Applications will not be considered until **all** required documents have been uploaded.

#### Required and optional documents

✓	<b>References</b>	We require two academic references. References should comply with our standard requirements outlined on <a href="#">our guidance pages</a> .
✓	<b>Degree certificate(s) and academic transcripts</b>	From first and subsequent degrees. Degree certificates and transcripts should comply with our standard requirements outlined on <a href="#">our guidance pages</a> .
✓	<b>Personal statement</b>	Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.
✓	<b>English language certificates/other evidence</b>	Evidence of meeting the English language profile as stated on the <a href="#">Postgraduate Prospectus</a> and specified by the <a href="#">University English Language Requirements Policy</a>
✓	<b>Curriculum Vitae (CV)</b>	CVs might include details of other relevant work experience and qualifications to support an application.
<b>Optional Documents</b>		
	<b>Research Training Statement</b>	Applicants are welcome to provide details of any relevant qualifications or training required to assist with their application.

## Selection process

### Assessment of applications

All applicants are considered in line with the University's [Admissions Principles and Procedures Policy](#). Once a complete application has been submitted with all required supporting documents, it is considered by at least two members of the FARSCOPE Management Team.

### Interviews

Interviews form part of the selection process.

Suitable applicants are interviewed at the Bristol Robotics Laboratory by at least two members of the FARSCOPE Centre for Doctoral Training management team.

Interviews focus on the applicant's motivation for robotics and multidisciplinary research, academic background, and breadth of interest within the field of robotics and autonomous systems. Applicants attending for interview receive a tour of the laboratory and have the chance to meet current students.

Interviews are used to assess whether the applicant has the necessary skills and capabilities to pursue their chosen programme, and whether the programme is appropriate to their interests and aspirations.

Interviewees based overseas are usually interviewed by telephone or Skype.

Interviews are normally conducted by two members of staff, at least one of whom is trained in fair and effective recruitment techniques.

### Decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the offer letter.

### Offers

Offers will typically be made in line with the academic requirements set out above.

Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met.

### Results deadline

Applicants who receive a conditional offer will be required to submit all final results to meet their offer conditions by July. Offer holders who will be unable to provide their final results by this date should email [farscope-cdt@bristol.ac.uk](mailto:farscope-cdt@bristol.ac.uk) to notify the admissions team as soon as possible.

### Deferrals

This programme does not normally allow deferrals unless there are exceptional circumstances. Please contact [farscope-cdt@bristol.ac.uk](mailto:farscope-cdt@bristol.ac.uk) if you would like to discuss the possibility of deferring your start date.

## Additional information

### Extenuating circumstances

If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies, you can submit an [extenuating circumstances](#) form as part of your application.

The information provided will be treated confidentially and will help us to assess your academic performance fairly considering your circumstances.

### **Academic Technology Approval Scheme (ATAS)**

An ATAS certificate is not required for this programme.

### **Visa**

International students coming to the UK to study full-time may need to apply for a student visa. Guidance is available on the [University website](#).

## **Fees and Deposits**

### **Fees**

Annual tuition fee are available on the relevant [prospectus entry](#) for this programme.

### **Deposits**

Deposits are not required for this programme.

### **Sponsored Students**

Sponsored students will need to upload a copy of their sponsorship letter to the online application.
