# Ethnic disparities in educational and employment outcomes in England over the (early) life course: A secondary data analysis of linked longitudinal administrative data

Study 1:
Ethnic inequalities at school

Dataset: NPD

RQ1: What are the ethnic differences and how they evolve at primary and secondary stages of education from ages 5 to 18?

Study 2:
Ethnic inequalities at university

Dataset: GRADE

RQ2: How do subject choice, applications, offers, acceptance, and enrolment at university vary by ethnicity at age 18?

Study 3:
Ethnic inequalities in labour market

Dataset: LEO

RQ3: How large are ethnic employment and pay gaps and how do these relate to education histories at age 25?
