Why not visit... The University Botanic Garden

Located in Stoke Bishop, Bristol, the 1.77 hectare garden, managed by the University of Bristol, is home to 4,500 species. Arranged in four core collections: Evolution; Mediterranean; Local Flora; and Rare Natives and Useful Plants, each collection has been designed to be attractive as well as educational, with some displays allowing visitors to walk through and be ‘immersed’ in the plantings.

For information and opening times: www.bristol.ac.uk/botanic-garden
To get the most from the tour please follow the route marked on this map starting from position 1.

For more information about the University of Bristol Historic Gardens a book is available to purchase, written by Marion Mako. Please visit: www.bristol.ac.uk/external-estate/gardensandgrounds/historicgardens/
