Travel Bursary Terms and Conditions

1.General

This form should be used by prospective undergraduate students to claim for return travel costs to attend an interview or a post-offer visit day at the University of Bristol. This form should not be used by current or past students or members of staff. Payments are only made to prospective students who have applied for an undergraduate course via UCAS. To claim for multiple journeys (e.g. an interview and a post-offer visit day) please use a separate form for each claim.

2.Eligibility

The travel bursary fund is only available to prospective UK students who will be eligible for funding by one of the four UK funding providers (i.e. Student Finance England, Student Finance Wales, Student Finance Northern Ireland or Student Awards Agency for Scotland). To confirm eligibility you will be required to supply the UCAS number that relates to your current application for a place of study at the University of Bristol. In addition you will need to provide evidence of all eligible costs incurred during travel.

The travel bursary is means-tested and by submitting this form you (or your parent/guardian) are confirming that your gross household income is below the threshold for eligibility for funding. The University does not require evidence of income (e.g. copies of payslips or documents such as the P60 form), however the University will receive household income data for any students that enrol and apply for means-tested support through one of the four UK funding providers.

Alternatively, students holding a contextual offer are also eligible regardless of their household income.

3.Rail Travel

The University can reimburse the cost of standard class return rail travel between your home (or the address from which you travelled on the day) and Bristol Temple Meads Station, except for students attending the School of Veterinary Sciences at Langford, where the nearest station is Yatton. The University will not reimburse the cost of First Class travel. You should take the most appropriate direct route and attempt to book in advance in order to secure the most favourable fare cost.

4.Travel by Bus or Coach

The University can reimburse the cost of local bus fares where a bus journey is required to travel to your nearest bus or coach station. The University can reimburse the cost of bus or coach fares between your home and Bristol Bus Station (Marlborough Street).

5.Taxi Fares

The University would not ordinarily be able to reimburse the cost of taxi fares to the University or between bus or coach stations and your home or the University. The exception being prospective students attending the School of Veterinary Sciences at Langford.

6.Travel by Air or Sea

The University can reimburse the cost of ferry, boat or economy class air fares (or the equivalent on budget airlines) between the airport closest to your home and Bristol International Airport where a low-cost airfare is cheaper than the equivalent bus, coach or train fare. The University can reimburse the costs of appropriate airport flyer bus services between airports and your home and the University. The University will not reimburse the cost of business class or first class air fares or additional charges for priority boarding, airport lounges, wi-fi or meals, snacks and drinks purchased at the airport or in-flight.

7.Travel by Car

If travelling by car, mileage for a return journey between your home postcode and the Bristol (BS8 1TH) or Langford (BS40 5DU) sites will be calculated using the RAC Route Planner (rac.co.uk/route-planner). The distance for the recommended route will be multiplied by 15p per mile to obtain the amount to be reimbursed. The cost of any receipted parking charges can also be claimed.

8.Accommodation

Students who have taken part in the Sutton Trust Summer School and Insight into Bristol at the University of Bristol are also able claim up to £70 towards the cost of a double/twin hotel room the night before the post-offer visit day or interview. The University will not reimburse accommodation costs for students who have not taken part in these projects.

9.Other exclusions

The University cannot cover the cost of travel for any additional expenditure such as subsistence (meals, drinks, etc.). The University cannot reimburse the cost of travel for additional individuals who accompany prospective students such as parents, guardians or friends. Exceptionally, the University may reimburse the cost of travel for a carer. Any fines incurred whilst driving or parking cannot be reimbursed.

10.Carers

The University may reimburse the cost of travel for a carer who offers support to a disabled prospective student where the carer is required to facilitate travel and accessibility.

11.Advanced Payments

Ordinarily prospective students should claim for their travel costs after making a journey to the University. Where a claim is submitted in advance, details of the likely costs of travel (such as a screenshot from the travel provider's website) that includes the details of the proposed journey including origin, destination and date and times of travel should be provided. Where the actual costs exceed the costs indicated in any quotations from travel companies, the amount awarded will not be increased.

12.Payment

Payment will be made by UK Bank Transfer (BACS).
