An international community
The University of Bristol is friendly, exciting and diverse, with one in four of our students coming from outside the UK. More than 100 students from Thailand study here, and we would love for you to join us.

A world of opportunities
Societies are a great way to meet like-minded friends and share your culture with others. Our student clubs include the Bristol Thai Society and over 400 more catering to different interests and hobbies.

A diverse city
The city of Bristol is home to people from 187 countries, speaking 91 languages. South-east Asian food is widely available. A friendly, safe city with a historic and distinctive British culture, Bristol offers an amazing student experience.

Inspirational alumni
Our international network of over 150,000 alumni includes many students from Thailand, who are employed at organisations including the National Electronics and Computer Technology Center, Thaioil Group, the NHS and universities around Thailand.

‘I chose Bristol because of the feel of the city. The city centre and parks are so close to each other, so you get the best of both worlds. Through the Thai Society, I have got to know many new people with the same background or interests as me, helping me settle in.’
