

Welcome, students from Türkiye

Find out how Bristol gives you more during your studies, in your city life and in your career.

Get more for your future

Founded in 1876, the University of Bristol offers nearly 600 undergraduate and postgraduate degrees across a wide range of subjects.

Our teaching is grounded in world-leading research and informed by real-life insight. Your career is built into your degree, giving you extensive careers support, skills development programmes and industry-relevant experience.

A degree from Bristol carries global recognition, giving it long term value wherever your future takes you. Our international alumni network includes more than 300 graduates in Türkiye. Bristol graduates are employed at organisations including the Ministry of Treasury and Finance, J.P. Morgan, General Directorate of Water Management, American Express and a range of prestigious universities.

Get more from your community

The university is home to more than 30,000 students, with over 30% from

outside the UK. We have more than 200 students from Türkiye currently studying here, and we would love for you to join us.

Bristol's Global Lounge brings our community together through cultural events, language cafés and free social activities. Societies are another great way to meet like-minded friends and share your culture with others. Our 300+ student groups include the Turkish Society, Turkistan Society and many more.

Get more from your city

Just 90 minutes from London, Bristol is a friendly, vibrant city with a distinctive character and rich history. Recognised as one of the UK's most exciting places to live and study in, it's known for its diverse culture, international community and creative atmosphere. You can explore Bristol's celebrated food scene while also finding a number of restaurants where Turkish and other Mediterranean food is available.

“

Studying at the University of Bristol was intellectually stimulating. The faculty members were knowledgeable, and the curriculum was well-structured. The hands-on projects and collaborative learning environment allowed me to apply theoretical concepts to real-world scenarios.”

Cem, Türkiye

Characterisation Engineer at Onsemi UK
(MSc Optical Comms & Signal Processing graduate)

8th in the UK
57th in the World
(QS World University
Rankings 2027)
