# Computational modelling in engineering
Tom Rendall

Model motion of fluids

Use the result to change a design automatically = 'optimisation'

Describe shapes using numbers – how?

a) Library A mode 1

e) Library A mode 2

i) Library A mode 3

m) Library A mode 4

q) Library A mode 5

(a) Basic design

M=0.8
AoA=5deg

Making data work for everyone
