BEACH READ recommendation from Kirsten Gill

'The secret river' by Kate Grenville . The story starts in 1806 with an English convict being sent to Australia. I found it a really interesting read, particularly as it was about something I knew very little about. Pretty 'grim' holiday read, perhaps, but definitely a page turner. Read more about it here [http://kategrenville.com/The Secret River](http://kategrenville.com/The_Secret_River)

The sequel 'Sarah Thornhill' was also very good
