us in  
Primary  
Care

#### MB21 Year 1 student feedback

Our GP was OUTSTANDING! She gave us confidence to speak to the patients and was always there for us if we had any questions and we would all reflect on what we had seen. She also taught us practical things like measuring blood pressure, using an otoscope etc. These sessions were our favourite and it was a privilege to have had her as our GP tutor

To book any of these workshops, please email [phc-teaching@bristol.ac.uk](mailto:phc-teaching@bristol.ac.uk).

Have you booked a table for your team at the **RCGP Severn Faculty Gala Dinner** yet? It is on 7th June. Don't miss Dr Marian Davis, GP, talking about

**Adolescents' health in vulnerable populations** More details on page 6

## Making your students feel welcome

### from Lucy Jenkins at Concord Medical, Bristol

I recently asked a group of fourth year students what they valued their practices doing to make them feel a part of the team. Their top thoughts were:

- An official welcome with name on staff notice board or in coffee room or website
- Their own name for the door where they are consulting
- Being introduced to staff members early on (cleaners through to PM and partners and everyone in between)
- Using the term "our" student
- Spending time with allied healthcare professionals so they know what all different team members do and can get to know them
- Being given authentic tasks to do so they can feel like valuable team members whilst learning. Practical skills are a winner here as can also sign off CAPS log book
- Encouraging their participation in practice activities such as meetings, audits etc
- Encouragement and company to go to coffee/lunch/staff-room early in placement so they have the confidence to go alone thereafter
- Biscuits and/or cake!

At Concord we have a new selection of mugs for our students to foster a feeling of belonging and value at the practice. Here is a photo of my first year group enjoying a brew!

Could you 'mug up' for your students, too?

## Join a Balint Group

There is an opportunity for GPs at whatever stage of their career to join an established Balint group in Bristol.

The group meets on the third Tuesday of the month between 7.30 pm and 9.00 pm at the Bridge Foundation, 13 Sydenham Road Cotham, Bristol BS6 5SH

The group leaders are Drs Judy Malone and Liz Lee both of whom are experienced Balint leaders

You would be welcome to come along for a free taster session and try it out!

You may also be interested to have a look at the Balint society website at [www.balint.co.uk](http://www.balint.co.uk)

**If you would like to join the group please call Judy 07906 479564 or Liz 07505268668**

## OSCE Examiner Training Dates

Have you previously examined an OSCE but not received training in the last 3 years or are you interested in becoming an examiner for the OSCE?

Then come along to one of our OSCE examiner training sessions.  
The sessions take approx. 1.5/2 hours

**Monday 8<sup>th</sup> April** – 09.00 – 11.00, Taunton Academy  
**Thursday 11<sup>th</sup> April** – 09.30 – 11.30, Weston Academy  
**Tuesday 16<sup>th</sup> April** – 10.00 – 12.00, Swindon Academy  
**Tuesday 16<sup>th</sup> April** – 09.00 – 11.00, University campus  
**Tuesday 7<sup>th</sup> May** – 10.30 – 12.30, Yeovil Academy  
**Thursday 23<sup>rd</sup> May** – 10.00 – 12.00, Gloucestershire Academy

*Room location will be confirmed when booking*

To register for one of these sessions, please e-mail  
[Sharon.byrne@bristol.ac.uk](mailto:Sharon.byrne@bristol.ac.uk)

GMC registered doctors who have completed any relevant postgraduate membership / fellowship examination and/or currently teach year 3 or 4 students can examine the year 3 or 4 OSCE

### 2018/19 OSCE examination dates

**Year 3** – Thursday 6<sup>th</sup> June and Friday 7<sup>th</sup> June in Bristol & Swindon  
**Year 4** - Tuesday 18<sup>th</sup> June and Wednesday 19<sup>th</sup> June  
in Bath, Bristol, Cheltenham and Taunton

# Year 3 General Practice Placement

## Quick Reference Guide

For more information on each year, visit our website: <https://www.bristol.ac.uk/primaryhealthcare/teaching/>

GP3

.....

In year 3, students have 16 days in general practice on Tuesdays. This placement consists of two blocks, each of eight whole days in a practice. Each day in practice is themed, linking closely with student's learning in secondary care. At the end of each placement, students will take part in a 'simulated surgery' at the local academy, facilitated by the GP.

.....

### How the placement works

Each day in practice is split into a workshop in the morning with 6 students, facilitated by the GP teacher. In the afternoon, two students take part in a teaching surgery and the other four students undertake their People, Populations and Practices (PPP) project.

### Workshops

Each workshop is themed and has a detailed tutorial guide. As part of each workshop, we would expect you to bring at least one patient in relevant to that day's theme.

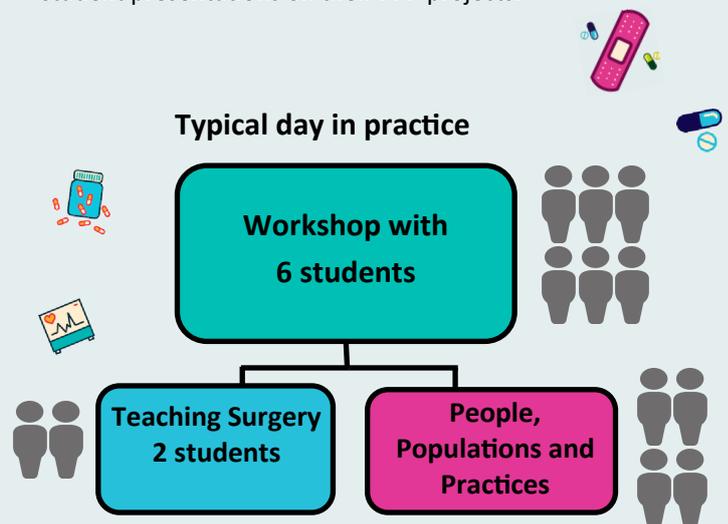

| Suggested Summary Timetable |                      |
|-----------------------------|----------------------|
| 08:30 -10:00                | GP Preparation time  |
| 10:00 -13:00                | Workshop             |
| 14:00 -17:00                | Teaching surgery/PPP |

### Academy Day

On the final day of each block, students will take part in a simulated surgery at the academy. The GP tutors will help facilitate the session. After lunch there will be a series of brief student presentations on their PPP projects.

### Typical day in practice

### Year 3 Key Facts

- Tuesdays
- 16 days over the year
- 6 students per group
- £600-£650 per day

### Teaching surgery

Two students will join you for the teaching surgery. These should be unselected patients and an opportunity for the students to practice their consultation skills. We would like each student to consult a minimum of two times during each surgery so suggest x4 30 minutes appointments.

.....

### People, Practices and Populations (PPP)

The four students who aren't doing the teaching surgery will be doing PPP. We would like you to select a patient per pair of students for them to follow. They will visit at the start and end of the placement and in the time between will need access to two computers to review the patient records and access online teaching resources as pairs.

### Payment and packages

For teaching one block, the payment is £600 per day (£4,800 for the 8 day block). If your practice signs up to our Year 3 Teaching Package to deliver all 16 days (both Block A and B), the payment is £650 per day (£10,400 per placement). Different GPs can supervise Blocks A and B. For more information on packages, please see the CAPC Teaching website.

# Teaching Dates and Topics

## 2019-20

| Block A |           |                                 |
|---------|-----------|---------------------------------|
| Week    | Date      | Topic                           |
| 1       | 17-Sep-19 | Cardiovascular                  |
| 2       | 1-Oct-19  | Gastrointestinal 1              |
| 3       | 15-Oct-19 | Neurology                       |
| 4       | 29-Oct-19 | Renal                           |
| 5       | 12-Nov-19 | Musculoskeletal 1               |
| 6       | 26-Nov-19 | Ophthalmology and ENT           |
| 7       | 10-Dec-19 | Emergencies in General Practice |
| 8       | 7-Jan-20  | Academy Day                     |

| Block B |           |                        |
|---------|-----------|------------------------|
| Week    | Date      | Topic                  |
| 9       | 28-Jan-20 | Respiratory            |
| 10      | 11-Feb-20 | Gastrointestinal 2     |
| 11      | 25-Feb-20 | Urology                |
| 12      | 10-Mar-20 | Musculoskeletal 2      |
| 13      | 24-Mar-20 | Dermatology            |
| 14      | 21-Apr-20 | Gynaecology and Breast |
| 15      | 5-May-20  | Endocrine              |
| 16      | 19-May-20 | Academy Day            |

'Brother and Sister' by Sarah Wake, Year 1 Medical Student

| Teacher Development |
|---------------------|
| Year 3 Workshop TBC |

| Key                |
|--------------------|
| Practice based day |
| Academy Day        |

| Year 3 Frequently asked questions           |   |
|---|---|
| Can more than one GP deliver the teaching?  | Yes, although we would prefer no more than two regular teachers per block.  |
| Can I change the timings of the day?        | You can arrange this with the students. They must still receive a three hour workshop and further three hours of teaching surgery and check-in/out.       |
| If I have a GP trainee, can they help?      | Yes, we are inviting GP trainees to help facilitate the simulated surgery. They could also facilitate the morning workshops for one block.                |
| Will material for the workshop be provided? | Yes, we will provide detailed material for running the workshop. Think of it as following a recipe, but feel free to innovate if you have your own ideas! |

# Severn Gala Dinner

Gala dinner speaker **Dr Marian Davis**, GP

## ***'Adolescents' health in vulnerable populations'***

7 June 2019 (evening) Aztec Spa Hotel, Aztec West, Bristol

Booking url: <https://rcgpportal.force.com/s/lt->

## **7 JUNE 2019 GALA DINNER & GALE LECTURE**

This annual evening social and networking event will take place at the Aztec Hotel & Spa in Bristol and will include a welcome drink followed by a two course buffet dinner with drinks and an inspiring Gale Lecture entitled "Adolescents' health in vulnerable populations" from guest speaker, Dr Marian Davis, a GP from Herefordshire, Chair of RCGP Adolescent Health Group and RCGP Member of Advisory Council AYPH.
