

## Session plans for the final GP2 sessions

Headache (8.5.25) and Collapse (22.5.25)

These are the final sessions for your group(s) of Year 2 students. We would like you to spend some time giving one-to-one feedback to your students and giving them time to fill in their own feedback questionnaire.

Please make sure your students have your GP practice ODS code in order to fill in the questionnaire.

AM	PM	Activity	Details
0900	1400	<b>Introduction</b>  15 mins	●Take register  ●Check in with your students  ●Review the session plan and learning objectives  ●Brainstorm topic
