Open afternoons

Wednesday 23 October
Wednesday 6 November
2.30 pm to 6 pm
Welcome

Enjoy exploring our picturesque Clifton campus.

Meet our academic staff and learn what makes studying your subject at Bristol unique.

Talk to the teams who support your student experience.

Chat to current students and hear, first hand, about their experiences.

Remember to check in
You can do this at any time today by scanning your QR code at the Wills Memorial Building.

Wi-Fi
Connect to ‘UoB Guest’ in the list of available networks, then open your web browser and follow the instructions to connect.
About your open afternoon

The open afternoon is designed to help you explore subjects and student life at Bristol and experience the atmosphere on campus. Take the opportunity to speak to our staff, ask your particular questions and look out for stewards, who are all current students at the University.

Information and subject talks
All subject and information talks must be booked in advance when you register to attend the open afternoon. Check your booking confirmation email for the times and locations of your talks. Talks will start at their advertised time with doors closing shortly beforehand. To guarantee entry please arrive at least five minutes before the published start time. After this, all remaining seats will be offered to non-booked guests. (p6)

The exhibition
The teams who support all aspects of student life are here to answer your questions in person. Drop in to the Wills Memorial Building to ask about everything from funding to accommodation and find out more about many of the subjects offered here at Bristol. (p4)

Bristol Students’ Union, Richmond Building
The Bristol SU in the Richmond Building houses two café bars, a radio station, theatre, dance studios, swimming pool and much more. Come and explore our outstanding facilities.

Refreshments
Grab a bite or a hot drink from one of our on-campus cafés or check out the selection of coffee shops and restaurants near the Wills Memorial Building and along Park Street.

Exploring the campus
Most University buildings are on public roads, which are open to traffic. Pavements may become crowded, so please take care.

We are continually investing in our facilities to offer the best student experience. Significant building works are taking place on campus, so please take extra care and be aware that some buildings may not be open for this reason.

Self-guided campus tour app
Take in our campus highlights at your own pace using the campus tour app. Our students guide you around some of our iconic buildings and world-class facilities on a circular route starting at Beacon House. Search ‘University of Bristol’ to download for free on the App Store or Google Play.

Safety and first aid
First-aid staff are based in Wills Memorial Building. Please ask any member of staff if you need first-aid assistance and they will escort you. If you lose possessions or become separated from your party, please go to the check-in point at Wills Memorial Building.

If there is an emergency please contact University security on 0117 331 1223.

Explore accommodation

Much more than just a place to sleep, our residences are communities offering an impressive variety of social and wellbeing activities. We’ve opened residences at two of our residential villages today so you can explore the different types of accommodation we offer. Staff from the Accommodation Office are also on hand to answer questions in the exhibition.

East Residential Village
Located in the heart of the city, Orchard Heights is a short walk from the main campus, with the delights of the city centre and harbourside in easy reach.

West Residential Village
Located within beautiful Clifton Village, Clifton Hill House and Manor Hall are close to Bristol’s finest independent shops, restaurants and cafés.

Orchard Heights
464 places
0.6 miles to campus
Self-catered

Clifton Hill House
226 places
0.7 miles to campus
Catered

Manor Hall
190 places
0.7 miles to campus
Self-catered
Our open afternoon exhibition in the Great Hall, Wills Memorial Building is your one-stop shop for information about the various courses you can study at Bristol. You will also be able to meet the teams who support student life.

Either use the map below to navigate directly to your area of interest, or if you are not sure what you would like to study, feel free to browse the exhibition and see what catches your eye. If you get lost at any point, please ask any member of staff who will be happy to help.

Please note: some subjects will not be available at both open afternoon dates. Please see the subject list to check that your subject of interest will be taking part in the exhibition when you visit.

*23 October only

---

We will try to allocate places to visitors without bookings, where we can, on a first come, first served basis. We operate a two-queues system outside talks to manage the entry process smoothly and enable us to estimate the number of free places available so that we can seat you as quickly as possible.
