## Application deadline

Application deadlines can be found on the individual programme page within the [University course finder](#)

## Admissions criteria

<b>Academic requirements</b>	Applicants must hold/achieve a minimum of; An upper second-class honours degree, or international equivalent. Applicants are also expected to demonstrate some evidence of scientific and statistical literacy (eg an A in at least one A-level science subject, an undergraduate degree in a scientific discipline, quantitative research experience, relevant work, extra-curricular experience).
	For information on international equivalent qualifications, please refer to our <a href="#">International Office website</a> .
<b>English language requirements</b>	Profile C All applicants are required to have reached the required profile level of English language as specified by the <a href="#">University's English Language Requirements Policy</a> prior to registration on to this programme.
<b>Non-standard applications</b>	We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details. Non-standard applications will be considered by the Admissions Tutor(s) for the programme on a case by case basis.

## Application process

### Online application form

Applicants should complete the online application form, uploading all required documents directly. Further information is available on our [guidance for online applications page](#)

Applications will not be considered until **all** required documents have been uploaded. If you have already submitted an application, you can upload additional documents into the 'Post-submission uploads' section of the application form. Paper documents received by post, or electronic documents received by email, are only considered in exceptional circumstances.

### Required and optional documents

✓	<b>Two academic references (minimum):</b>	<p>References should be submitted electronically by the referee, using the online reference form. Alternatively, scanned copies of the original reference document(s) can be uploaded by the applicant.</p> <p>If you graduated more than two years ago, or if professional experience is relevant to the application, professional references will be accepted in lieu of one academic reference. At least one referee should be familiar with the applicant's academic work.</p> <p>References supplied with a personal contact email address will be accepted in exceptional circumstances, which must be explained within the reference.</p> <p>All references must be written, signed and dated on official letter headed paper from the referee's organisation. They must include the referee's full contact details, i.e. postal address, telephone number and organisation email address and must be dated within the last two years. A <a href="#">reference template</a> is available to show the required format.</p>
✓	<b>Degree certificate(s)</b>	<p>From first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.</p>
✓	<b>Academic transcripts</b>	<p>From first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.</p> <p>Transcripts must list all subjects taken and grades achieved to date, with the grade scale clearly displayed in the transcript. Applicants must clearly state their current average grade in the online application form.</p>
✓	<b>Personal statement:</b>	<p>Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.</p>
✓	<b>Programme specific personal statement requirements</b>	<p>In your personal statement you should first outline your motivation for applying for this programme. The key question here is, why are you seeking a conversion degree in Experimental Psychology from the University of Bristol? How will this degree contribute to your longer-term career goals? Second, you should outline the skills and experiences you will bring to the programme. In particular, please provide evidence of your scientific and statistical literacy. Relevant experiences you can draw on here include your performance in A-level (or equivalent) science subjects, your undergraduate studies, quantitative research experience, and relevant work or volunteer experiences. Please be specific about the quantitative methods and software that you are familiar with. Finally, a substantial part of the conversion programme is a dissertation project,</p>

		<p>which you will complete under the supervision of a member of academic staff. Please briefly outline the type of dissertation project you would like to complete (e.g., the topic area, methods, population etc.), and how it might align with the research expertise of staff (or research groups) within the school. (Note that you will not be committed to these ideas – we just want you to demonstrate that you are familiar with the research strengths of the school, have thought about how they align with your own interests and skills.) The ability to write clearly and succinctly is important for success in psychology and will be taken into consideration when your application is reviewed. Please ensure that you have addressed each point specified above, and do not exceed two pages. Personal statements that do not meet these criteria will be returned to applicants for revision.</p>
✓	<b>English language certificates/other evidence</b>	All applicants are required to have reached the required profile level of English language as specified by the <a href="#">University's English Language Requirements Policy</a>
✓	<b>Curriculum Vitae (CV)</b>	CVs might include details of other relevant work experience and qualifications to support an application.

## Selection process

### Assessment of applications

All applicants are considered in line with the University's [Admissions Principles and Procedures Policy](#) and [Equality, Diversity and Inclusion policy](#). Once a complete application has been submitted with all required supporting documents, it is considered by at least two members of staff using the following criteria:

- Academic achievement
- English language ability (where applicable)
- Academic references
- personal statement
- Interview performance (where interviews are held)

Performance in the first degree is generally the most important criterion, along with the content of the personal statement, and referees' statements regarding the applicant's potential for postgraduate study.

### Interviews

Interviews do not normally form part of the selection process, but a candidate may be invited for an interview. Interviews will be conducted by at least two members of staff, at least one of whom is trained in fair and effective recruitment techniques. The purpose of an interview is to assess whether the applicant currently has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant's interests and aspirations. If required, interviewees based overseas will normally be interviewed by telephone or Skype. All interviews are undertaken in accordance with the University's Equality and Diversity Policy.

### Decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the offer letter.

### Offers

Offers will typically be made in line with the academic requirements set out above. Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met.

If an applicant is not selected to receive an offer for the course to which they have originally applied, we may offer the opportunity to be considered for an alternative programme in a related subject area. In such cases applicants will receive an email notification providing any alternative course options and asking whether they wish to be considered for these. It may be necessary for applicants to submit additional documentation in order for the application to be fully considered for an alternative programme. Details of the documentation required can be found in the admissions statement for the relevant programme.

### **Deferrals**

This programme does not normally allow deferrals unless there are exceptional circumstances. Please contact [psychology-pg-admissions@bristol.ac.uk](mailto:psychology-pg-admissions@bristol.ac.uk) if you would like to discuss the possibility of deferring your start date.

## **Additional information**

### **Extenuating circumstances**

If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies, you can submit an [extenuating circumstances](#) form as part of your application.

The information provided will be treated confidentially and will help us to assess your academic performance fairly considering your circumstances.

### **Academic Technology Approval Scheme (ATAS)**

An ATAS certificate is not required for this programme.

### **Visa**

International students coming to the UK to study full-time may need to apply for a student visa. [Tier 4 student visa guidance notes](#) are available on the University website.

## **Fees and Deposits**

### **Fees**

Annual tuition fee for 2020/21 if available on the relevant [prospectus entry](#) for this programme.

### **Deposits**

International self-funded students accepting a place on a taught postgraduate programme are required to pay a deposit of £1500. Further information is available on [how to pay programme deposits](#). Further information will also be provided in the offer letter to successful applicants. The deposit is non-transferable and non-refundable except under the circumstances outlined in the [International Deposits Refund Policy](#).

### **Sponsored Students**

Sponsored students are not required to pay the deposit but will need to upload a copy of their sponsorship letter using the 'Post Submission Uploads' section of the online application.
