

Postgraduate Admissions Statement for

Future Innovation and Non-Destructive Evaluation EngD, PhD

This Admissions Statement applies to applications submitted between 18 September 2024 and 17 September 2025.

It should be read in association with the [University Admissions Principles and Procedures](#) for Postgraduate programmes, the relevant [prospectus entry](#) and general [application guidance](#).

Admissions criteria

Academic and English language requirements

The academic and English language requirements for this programme are displayed on the [Postgraduate Prospectus](#).

For information on international equivalent qualifications, please refer to our [International Office website](#).

Non-standard applications

We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details.

Non-standard applications will be considered by the Admissions Tutor(s) for the programme on a case by case basis.

Application process

Online application form

Applicants must complete the online application form, and upload all required documents directly to the application. Further information is available on our [guidance for online applications page](#).

Applications will not be considered until **all** required documents have been uploaded.

Required documents

- **Degree certificate(s) and academic transcripts**

From first and subsequent degrees. Degree certificates and transcripts should comply with our standard requirements outlined on [our guidance pages](#).

- **English language proficiency**

Evidence of meeting the relevant English language profile for the programme, as stated within the [Postgraduate programme finder](#). Details of acceptable evidence of English language proficiency can be found in the [University English Language Requirements for Study](#)

- **Personal statement**

Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.

- **Reference(s)**

We require two academic references. References should comply with our standard requirements outlined on [our guidance pages](#).

Optional Documents

- **Curriculum Vitae (CV)**

CVs might include details of other relevant work experience and qualifications to support an application.

- **Research Statement**

Applicants are welcome to provide details of any relevant qualifications or training required to assist with their application.

Selection process

Assessment of applications

All applicants are considered in line with the University's [Admissions Principles and Procedures Policy](#). Once a complete application has been submitted with all required supporting documents, it is considered by at least two members of staff using the following criteria:

- Academic achievement
- Degree of intellectual rigor in response to technical questions at interview
- Academic references
- Personal statement
- Interview
- Availability of Supervisors

Interviews

Interviews will form part of the selection process.

The purpose of the interview is to assess whether the applicant has the necessary skills and capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant's interests and aspirations.

If required, interviewees based overseas will normally be interviewed by video call.

Decisions

Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application portal. If there is a deadline by which applicants must accept an offer of admission or pay a deposit, this will be stated in the offer letter.

Offers

Offers will typically be made in line with the academic requirements set out in the prospectus entry for the programme.

Offers made may be conditional or unconditional. An unconditional offer will be made to applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, applicants will receive a conditional offer outlining the requirements that must be met.

Deferrals

In some cases, deferred entry is available for this programme, subject to agreement. Please contact find-cdt@bristol.ac.uk if you would like to discuss the possibility of deferring your start date.

Results deadline

Applicants who receive a conditional offer will be required to submit all final results to meet their offer conditions by before the start of the programme. Offer holders who will be unable to provide their final results by this date should email find-cdt@bristol.ac.uk to notify the admissions team as soon as possible.

Additional information

Extenuating circumstances

If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies, you can submit an [extenuating circumstances](#) form as part of your application.

The information provided will be treated confidentially and will help us to assess your academic performance fairly considering your circumstances.

Academic Technology Approval Scheme (ATAS)

An ATAS certificate is not required for this programme.

Visa

International students coming to the UK to study full-time may need to apply for a student visa. Guidance is available on the [University website](#).

Fees and Deposits

Fees

Annual tuition fee is available on the relevant [prospectus entry](#) for this programme.

Deposits

Deposits are not required for this programme.

Sponsored Students

Sponsored students are not required to pay the deposit, but will need to upload a copy of their sponsorship letter to the online application.
